Testimonial

We all want to thank Kate and her team for organising the most perfect wedding weekend for us at my parents house in France. From the first time we met you, to all the detailed planning it was stress free, which is amazing. The day itself was a dream come true for us. The marquee was beautiful, the band amazing, the food spectacular, the flowers gorgeous and Kate you were wonderful. The contacts you have and every person we dealt with were extremely helpful and full of ideas. We have had so many of our friends and family saying it was 'the best wedding they have ever been to', so well planned but yet still relaxed, and that is down to you and your team. Kate even managed to keep my Mother calm, thank you! We will remember the day forever and it would never have been possible to have the wedding of my dreams in France without you, so once again a million Thanks.'
